

Kimble Reports Training

Empowering customers to unlock the true value of Kimble

Kimble Reports Training allows new and experienced Kimble users to learn how to create and manage reports.

Who is it for?

This course is aimed at Kimble users that are responsible for writing or editing reports.

What is included?

The course is run by a Kimble expert and consists of topic presentations, demonstrations, and hands-on exercises.

This 4x half-day course will enable you to:

- ▶ Understand the Kimble Data Model and standard Kimble Reports that are provided
- ▶ Effectively build and customise your own reports
- ▶ Use advanced calculations and formulas
- ▶ Create point-in-time historic reporting using Snapshots
- ▶ Understand the advanced reporting features, e.g. Performance Analysis & Utilization reporting

What does it add?

With a better understanding of the Kimble Data Model and using the range of reporting features, you can gain valuable insights from Kimble in an efficient and productive way.

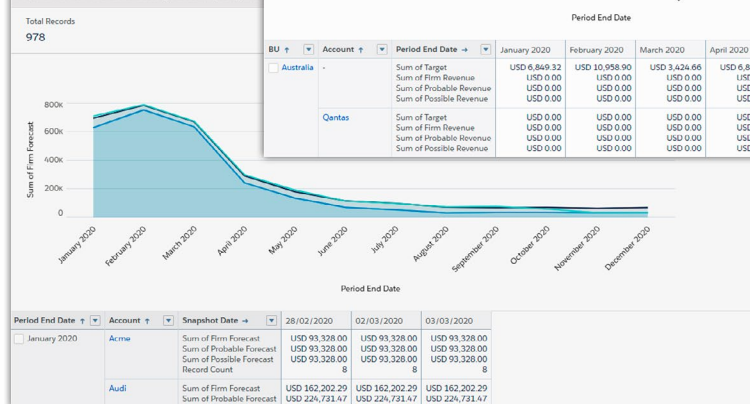

How do I attend?

Please visit kimbleapps.com/event to review the agenda, upcoming course dates, and learn about other Kimble Academy training courses.

“I was very impressed with the content and hands-on demos.”
